Tips for safe viewing:

- **Bring sun screen, bug spray, water and food.**
- Plan on being on the mountain for an extended period of time. There will be restricted times during which to drive in and out. Before leaving the spectator area parking, ask one of the rally officials. They will inform you when it is safe to go. You can walk up and down the stages to try different viewing areas.
- Stay well off the road and never on the outside of a corner. Rally cars drift wide and spray gravel. Expect the unexpected, watch for cars and leave yourself room to move quickly.
- Follow the Marshals instructions. They are there for your safety, as well as for the safety of the competitors.
- Please keep control of all children and pets.
- Don't walk on the roads when the rally cars are on the stages, they are driving very fast and using the whole road.
- Please take all your garbage with you, garbage bags will be at stage start, stage finish and main spectator point.
- No open fires. Please extinguish your cigarettes safely.
- Don't disturb any rally signs or banner tape, it's there for a reason. Don't block the drivers view of any signs.
