

TSD Novice Rally Series

Workshop #2 of 4

- Are you interested in learning how to participate in rallying?
- Have you ever wondered what it would be like to drive your car on gravel roads?
- Do you need to polish up on your TSD skills?

If you don't know where to start, well ... do we have the course for you!

WCRA Novice Rally Course will introduce you to the sport of TSD auto rallying. TSD = Time / Speed / Distance - three factors that are used to create a challenging auto event. This course will consist of both "on-road" and "off-road" instructions. We will provide off-road classroom instructions and theory about the sport. Experienced TSD rallyists will coach you on the finer skills of driving techniques and navigational calculations. Tricks and tips will be shared from the experts. We will provide instructions on what to expect at an event - everything from car inspection to route instructions. Then, we will answer all your questions. We will also provide a brief intro to the sport of Performance Rallying in BC and Canada and information on how to participate. Rally cars and teams will be present to answer your questions.

If you are interested in learning about rallying in a supportive environment and meeting others who are also interested in this motorsport - please contact Sid or Ken. Bring your friends and have some fun with our club and RallyEquipment.com.

SPECIAL FEATURE OF WORKSHOP #2

We have prepared an on-road two-part 6-stage TSD event for you to apply your new skills. Since this event is trekking into some of BC's most beautiful country, we will be having a Hotdog BBQ dinner break midway into the event (\$7 / person - portion donated to ALS Society - vegetarian dogs available upon request).

Pre-ordered dinners available from Hotel if you don't like hot dogs. Or pack a mini picnic if you wish.

Bring a camera, sunscreen and/or lawn chair - enjoy nature and have fun. It will be a one-hour dinner break.

Entry limit is 30 cars.
